Lieut. and Mrs. Clair R. Bennett, Lieut. W. E. R. Covell and Miss Elizabeth Rosenbaum motored to Haleiwa on Saturday evening to attend the dinner given before the moonlight dance by Lieut. and Mrs. John D. Barnett of Schofield Barracks, complimenting Col. and Mrs. Hodges.

Lieut. and Mrs. Clair R. Bennett entertained informally at dinner on Friday evening at their quarters in the cantonment.

Capt. and Mrs. Robert P. Howell, Jr., motored around the island on Sunday and stopped at the Haleiwa Hotel for dinner, later returning to Shafter by moonlight.

Capt. and Mrs. James E. Bell and Mrs. Clarence Day of Schofield Barracks were the dinner guests of Maj. and Mrs. Gideon H. Van Poole at their attractive home on Lunalilo street in Honolulu on Friday evening.

FOUR DOCTORS DISAGREED

Pains Disappeared After Use of Lydia E. Pinkham's Vegetable Compound.

Wilmington, Del.—"I was suffering from a terrible backache and pains in my side, with bearing down pains and was very nervous. I was always tired, always drowsy, never could get enough sleep and could not eat. I had four doctors and each told me something different. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it. I got good results and I now feel better than I have felt for years and I am gaining in weight. I can gladly recommend it to all women."—Mrs. GEORGE W. SMOUL, 1611 West 4th Street, Wilmington, Del.

SOCIETY PAYS LOVING TRIBUTE TO MRS. WATERS

Miss Anna M. Paris read the following tribute to the late Mrs. Sarah Coan Waters at the last meeting of the Daughters of Hawaii, on Wednesday:

The passing away of Sarah Coan Waters on the 29th of March, in New York City, removes from the earth a rare and beautiful spirit and from this society one of its charter members. As Mrs. Ellen Weaver writes, "The Daughters of Hawaii will speak her name reverently and lovingly as one of the heavenly band."

"Indeed it was in her upper room in New York that the thought of such a society first found expression. With the later formation of this band on the occasion of Mrs. Waters' visit to her native land, after an absence of many years, we are all familiar. Her gifts were many and not the least among them was the warm heart capable of a friendship ideal in its

square up the property requires the acquisition of a narrow strip of land on the Ewa side of the highway.

"The lane in question was granted by Kalakaua and is referred to in a deed granted to W. P. Toler, dated June 4, 1881. It is there recorded as Kalakaua street. For a number of years no use was made of it and it was closed up and used by the Hualakas. About 1910 the attorney-general, through legal proceedings, had the lane opened and made available for use by the public. The fence along the avenue was removed and structures on the lane taken down. The Territorial Hotel Company planted hedges along the sides of the street and has kept these hedges and the grass in the highway in proper condition ever since. There has been no general use of the strip of land as a means of getting to and from the beach owing to the fact that the Moana hotel drive adjacent to the lane has been found more convenient. Public Will Always Have Access.

"When the present additions to the Moana hotel are completed the present driveway on the Moana premises will be done away with and instead it is the plan of the Territorial Hotel Company to improve the land by parking, etc., in order that the public may have access to the rear of the hotel premises and to the beach without difficulty, inasmuch as the lane stops at the bank by the beach it can never become a thoroughfare for vehicles, and consequently the narrowing of this lane as proposed by the Territorial Hotel Company can result in no inconvenience."

The letter also asks that steps be taken as required by law to declare the strip abandoned and authorize its conveyance to the Territorial Hotel Company. He asks that he be allowed to appear before the board when the proposal comes before it.

MOANA PRESENTS LAND REQUEST TO CITY OFFICIALS

Hotel Company Declares Ample Right-of-Way Permanently Assured Public

E. W. Sutton, attorney for the Territorial Hotel Company, has presented its case to the mayor and board of supervisors. The reasons for ceding to the hotel company the section of the extension of Alinahau lane that runs along the side of the Moana hotel property are explained in a letter and map received by the mayor yesterday.

Attorney Sutton sets forth that the lane is but little used at present, that for years it was not used at all, that there is a better pathway to the beach through the premises of the hotel company, that the lane could never be used by automobiles as it stops by the bank at the beach and that the land in question would serve a semi-public purpose if it was ceded to the hotel company. A blue print showing the property and building lines in the neighborhood of the lane and the section wanted was enclosed with the letter and the history of the lane recited.

The section of land wanted runs 208.6 feet along the Ewa side of the lane and tapers from two feet at the beach end to nothing at the Kalakaua avenue end. It contains about 200 square feet and will be sold by the territory at a price of 60c a square foot or about \$120. This money will go to the territory, as it holds title to the land, although the city will have to abandon its right of way over it before it can be sold.

History of Land.

Extracts from Mr. Sutton's letter follow: "The highway forming the Diamond Head boundary of the hotel does not meet Kalakaua avenue at right angles, but is a degree or so off. To strength and loyalty and an unforgettable love for Hawaii and the friends of early days.

"Life appealed to her on many sides and to those of us permitted to know her in the later years, enriched as they were by a varied experience, the hours of intercourse will be an inspiration always, while with the bitter sense of loss comes the certainty of an affection that is immortal."
